

Update for Friends of CFC

June 30, 2011

As a friend of CFC, we want to stay in touch with you about this important project for our community. The CFC will house five long-standing agencies: **Family Network; Family Service: Prevention, Education & Counseling; Highland Park Community Nursery School & Day Care; Highland Park/Highwood Home Child Care Association; and Tri Con Child Care Center.** For more information about partner agencies click [HERE](#).

Highland Park Senior Producers Create a TV Show

Senior Producer Greta Debofsky and her team produced a 30 minute TV show at their cable studio in Highland Park. She interviewed Herb Wander, CFC Board President and Victoria Ratnaswamy, a board member and parent who grew up in Highland Park. Victoria and her children have participated in programs at Highland Park Community Nursery School and Day Care Center and Family Network. The show will air on Channel 10 and 19 in July. Viewing dates and times will be announced in late June. As part of the show the video about the project created by students from Highland Park High School is shown as a B Roll. The CFC Board greatly appreciates the time and talent of both the high school students and the seniors from the HP Senior Center.

Congregation Solel Students Donate Tzedakah to CFC

The students of the Congregation Solel Religious School chose CFC as a recipient of their tzedakah (charity) money. The donation was part of a year long collection. Students in kindergarten through seventh grade selected 10 organizations to receive this year's funds. CFC was the only organization in Highland Park that was selected. Youth Coordinator Jen Daniels explained, "The students decided to give to CFC because we recognize that the five CFC constituent agencies are longstanding contributors to the social welfare of Highland Park's citizens."

Help Us Build for Our Community's Future

Please support our efforts to raise funds to reconstruct the Karger Center. With your help, we will create a model facility that will serve families throughout the area - many in need of assistance - by offering a single resource for life services, including early childhood and children's services, parent education, counseling and community education. The new and expanded facility (*rendering on right*) will be environmentally friendly and provide an opportunity to integrate services under one roof and to maximize resources.
